CAREER OBJECTIVE

Engineering student with strong interest in **Business Analytics and Product Management**. Skilled in **Power BI, Python, SQL, and Excel** for data-driven decision-making. Passionate about solving real-world problems through analytics and process improvement.

EXPERIENCE

Data Science Intern

Feb 2026 – Present

Igeeks Technologies, Bengaluru

- Worked on Data Science and AI/ML projects involving preprocessing, analysis, and model building
- Used Python (Pandas, NumPy, Matplotlib) for data analysis and visualization
- Implemented machine learning models for predictive insights
- Performed data cleaning and feature engineering to improve performance

Product Management Trainee (Generative AI)

Sep 2025 – Mar 2026

BITSOM × Masai (Virtual)

- Completed 6-month training in Product Management with Generative & Agentic AI
- Gained experience in product thinking, user research, and AI-driven solutions
- Worked on real-world case studies for product lifecycle understanding
- Received Certificate of Appreciation for performance

EDUCATION

Bapuji Institute of Engineering and Technology, Davanagere

2022–2026

B.E. in Information Science and Engineering

Sir MV PU College, Davanagere

2020–2022

Pre-University

Jain Public School, Davanagere

2020

SKILLS

Data Analysis & Visualization: Power BI, Tableau, Excel, SQL

Programming & Web: Python, HTML, CSS, JavaScript

Business Skills: Requirement Gathering, Stakeholder Management, Process Improvement

Core Competencies: Communication, Presentation, Team Collaboration, Analytical Thinking

PROJECTS

AI-Based Product Solution (Generative AI)

- Developed AI-driven workflow to enhance user experience
- Designed user journeys and evaluated performance

Sales Analysis Dashboard (Power BI)

- Built dashboard for KPI tracking and revenue trends
- Provided insights for decision-making

E-commerce Analytics

- Analyzed customer behavior using Python and Excel
- Identified trends to improve business strategy

Student Registration System

- Developed system to manage student records and automate processes
- Improved efficiency and reduced manual errors

Pneumonia Detection

- Applied data analysis techniques for healthcare pattern recognition
- Contributed to early diagnosis using predictive insights

CERTIFICATIONS

- Product Management with Generative & Agentic AI – BITSOM × Masai (2025–2026)
- Microsoft PL-300: Power BI Data Analyst
- Google Business Intelligence Professional Certificate
- IBM Data Analyst Certificate
- Entry Certificate in Business Analysis (ECBA)
- Simplilearn Power BI Certification

ACHIEVEMENTS & LEADERSHIP

- Shortlisted for Smart India Hackathon (College Level)
- Volunteered at an International IEEE Conference
- Hosted college fests, seminars, and cultural events
- Bharatanatyam dancer with team performance experience

LANGUAGES

English, Kannada, Hindi, Telugu
